To THAI's Shareholders, Investors, Analysts,

It is my pleasure on behalf of Thai Airways International to announce two good news.

The first is the announcement by MSCI to include THAI on their Thai index among the 2 companies which has been selected this year.

The second good news but the impact is yet to be determined by THAI's management is the rescinding of anti-trust charges against THAI by the EU for which THAI had made provisions for earlier in 2008. The amount of provisions provided in full totaled 4.2 bn baht for all pending legal cases of which the EU case was one. Whether any reserves or how much of the reserve to reverse will rest with management to determine at a later date but unless THAI is cleared of all charges from all pending cases, only a portion of the reserve may be reversed.

We look forward to provide you with more good news.

Warmest regards,

Raj Tanta-Nanta  
Vice President  
Investor Relations  
Thai Airways International Plc.
